DIGITAL CALIPERS

DIGITAL CALIPERS

Digital calipers provide a quick and precise measurement of the outside and inside perimeter of work pieces. This includes x and y direction, hole to hole, edge to hole, as well as straightness and squareness.

Easy to use models and lengths available from 500 mm to 3,100 mm.

Features

- Absolute/Incremental
- Dedicated buttons for specific functions
- Programmable automatic shutdown
- Easy mm/inch conversion
- Large display for easy reading
- Lightweight
- Accurate – 0.1mm resolution
- 1.5V AA battery required
