

Altendorf F45 Standard SLIDING TABLE SAW

Altendorf's engineers designed the new F45 Standard to be a blend of innovation, dependability and quality. The F45 Standard features a manual rip fence with fine adjust, a user friendly controller with color LCD display with keypad and a easy to use, yet accurate crosscut miter fence. The F45 Standard represents the industry standard for sliding table saws.

ADVANCED FEATURES:

- 3200mm (10') Sliding Table
- Pro Dive Eye-level controller with color LCD display
- Manual rip fence with fine adjustment, (manual tilt compensation in controller)
- Programmable blade controls for height and tilt
- Crosscut miter fence with 2 manually adjusted flip stops, capable of accommodating 0-49° angles
- RAPIDO shimless scoring system for kerf adjustment
- Three year mfg warranty against mechanical defects

Technical Specificifications	F45 Standard
Tilting of arbor	0-46°
Cutting length	122" (3105mm)
Manual rip fence	51" (1300mm)
Cutting Depth Max - 90°	154mm* (6")
Cutting Depth Max - 45°	105mm* (4")
Main saw motor	7.5 HP (5.5kW)
Saw speed	3000/4000/5000 RPM
Standard main blade	300mm x 3.2mm x 30mm
Main blade arbor	30mm wth 2 pin holes
Dado capacity	20mm
Scoring saw motor	1 HP (0.75 kW) 8200 RPM
Scoring blade diameter	120mm
Scoring blade arbor diameter	15mm
Dust extraction	800CFM (120mm & 80mm)
Amperage	24@ 220V, 12@ 440V

Specifications are subject to change. *with max blade size
Picture is representative only. Machine comes with ProDrive Control.
